JUSTRITE HUNTING LAMPS

Electric Head Lamps

As a Headlight

As a Lantern

Model 99 Combination Headlight and Lantern

Throws a concentrated light ray 1300 ft., but a turn of rim widens ray to a minimum focus, for camp use. Headlight only weighs 5 oz. and is furnished with a web strap for attachment to head or cap, while battery case hooks on belt or pocket; head strap may be removed and headlight mounted directly on battery case, for lantern use, in a few seconds. Battery case has a movable wire bail, to serve either as a hand hold or lantern handle. Six D950P0 unit cells will light it for about thirty hours. W't outfit 1 lb. 7 oz., with six batteries 2 lbs. 10 oz.

Electric Lamp Outfit—Without Batteries

Nickel plated headlight, 3 in. convex single lens with nickel plated reflector, green enameled battery case 5½x4¼x1½ in. cord, 2½ volt bulb with extra emergency bulb, w't doz. 21 lbs., one in a carton.

C199G0each \$3.25

D950P batteries and D1161P bulbs may be ordered from our electrical goods section.

PACKED ONE DOZEN

Acetylene Hand Lamps

Model 81

Large 7 in. reflector, nickel plated, burns an open flame, throws a concentrated beam 400 ft. Lamp is of steel, nickel plated. Generator has an 8 oz. carbide capacity to give 8 hours' light at one filling. Height 11 in., w't 20 oz.

No Lens Type, with fish-tail flame burner, flame protector, for use in wind, self-lighter attachment requiring no matches, w't doz. 23 lbs.

C381G0each \$3.75

PACKED ONE DOZEN

Acetylene Head Lamps

Model 88B

For night hunting, trapping, fishing, travel in mountains or wooded country, etc. The bulls-eye lens casts a concentrated ray of light 400 ft. The larger lens shortens the range for nearby lighting, while the hinged darkening cover instantly shuts off all light. Has one 3 in. lens with highly nickeled reflector, a 2½-in. bulls-eye lens in a hinged door, non-kinkable rubber tubing, an adjustable web head strap and a leather belt adaptable to any waist measure. The steel carbide generator, 6x3 in., with 8 oz. carbide capacity to give 8 hours' light at one filling, hooks over the belt, pocket, etc. Uses miners' lamp ¼ in. carbide. The head lamp weighs 11 oz. and the generator 16 oz. The brass body is black enameled.

Double Lens Type, with a fish-tail flame style burner, equipped with self-lighter attachment requiring no matches, w't doz. 45 lbs. One in a carton.

C388G0each \$5.80

PACKED ONE AND ONE-HALF DOZEN

Model 33B

Excellent for night hunting, etc. Throws a concentrated ray of light 300 ft. Has one 3-in. lens with highly nickeled reflector, non-kinkable rubber tubing and a leather belt adaptable to any waist measure. No darkening door or head strap. The steel carbide generator, 6x3 in., with 8 oz. carbide capacity to give 8 hours' light at one filling, hooks over the belt, pocket, etc. The brass body is black enameled.

Single Lens Type, with fish-tail flame style burner, equipped with self-lighter attachment requiring no matches, w't doz. 40 lbs., one in a carton.

C233G0each \$5.00

The canvas cap, shown in the cut, is not included.
