the New

JUSTRITE® Electric Head Lanterns

... the true Sportsman's lantern for "Both Hands Free" action

TWO STYLES

with these outstanding features:

4-foot insulated connecting cord.
High quality 1" wide adjustable elastic head-band.

Corrosion-proof battery case of linear high density polyethylene.

Uses 4 standard size D flashlight cells.

One-piece, hinged, side-opening case for easy loading and unloading.

New replaceable battery terminals — leaking batteries can't ruin your light.

Permanent green finish.

New 3½" belt hook with hanging slot. Fits wide belts.

No. 1904-0

Focusing Model. 2½" Reflector. Spot adjusts to piercing beam or wider light. With battery case. Less batteries. Packed 1 in carton. 12 oz.

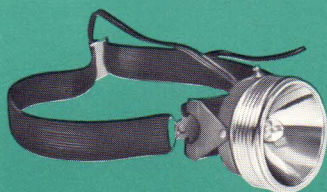

No. 1904-3

Pre-focused Model. Sharp concentrated beam from the pre-focused bulb. With battery case. Less batteries. Packed 1 in carton. 1 lb.

HEAD-LAMPS WITHOUT BATTERY CASE

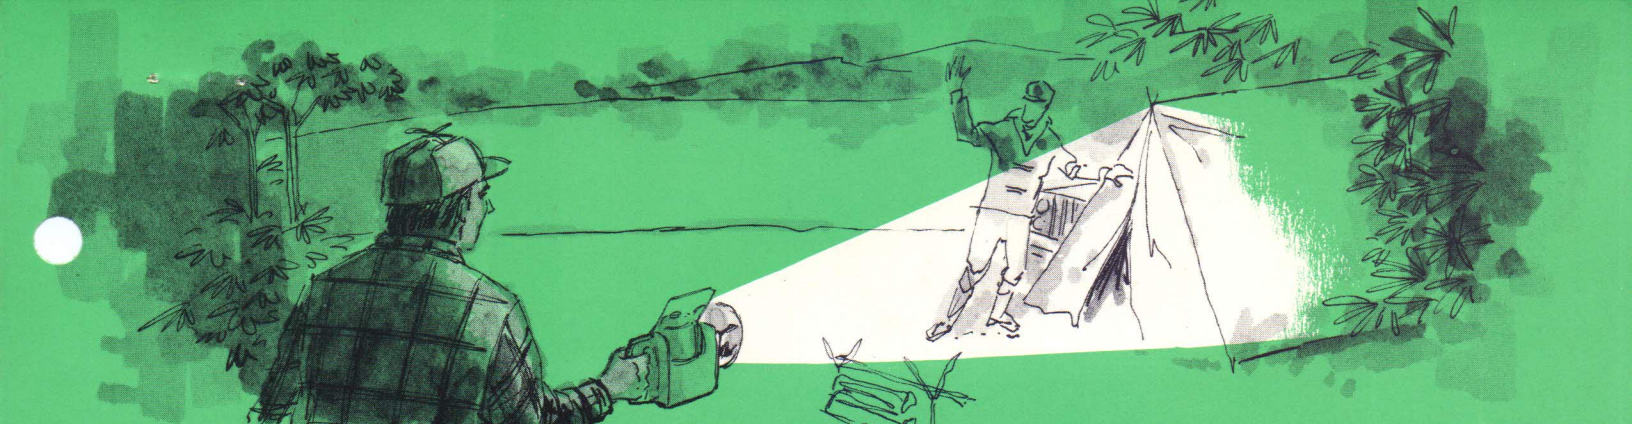

For use with screw terminal lantern batteries or with other 6-volt battery power packs. Special terminals on end of cord permit quick connections.

No. 1904-2
2½" Head-Lamp
Same as No. 1904-0 Headlight, but without battery case. With 4' cord. Wt. 6 oz.

No. 1903-2
3" Head-Lamp
Same as No. 1904-3 Headlight, but without battery case. With 4' cord. Wt. 7 oz.

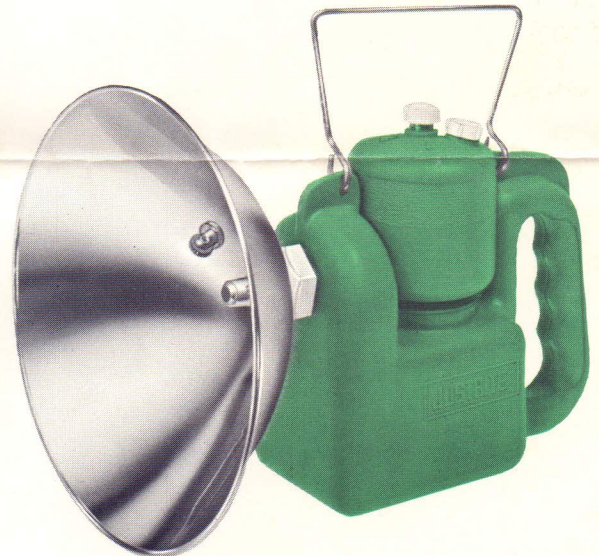

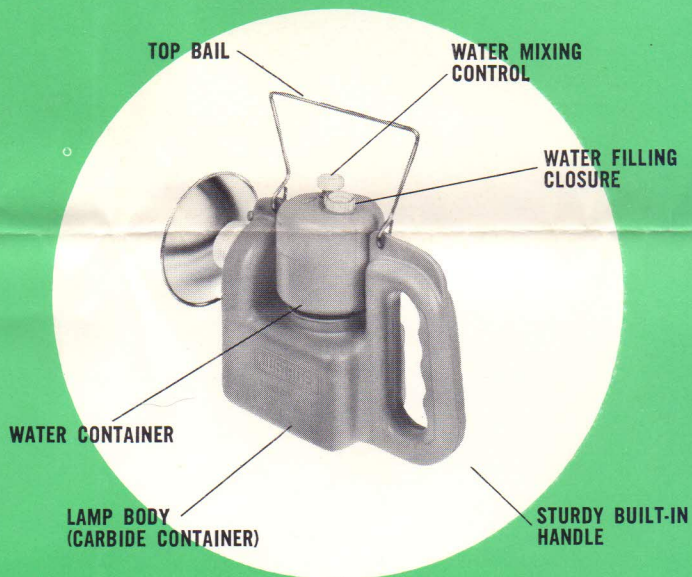

JUSTRITE® Carbide Hand Lamps

... the bright white light for the outdoorsman

The ideal hand lamp for camper, hunter, fisherman, outdoor utility or construction worker . . . just about anyone who needs good, dependable, low-cost lighting. Solid fuel carbide lamps produce brilliant white light from a controlled mixture of carbide (calcium carbide in "lump" form) and water. Six to eight hours of light from only six ounces of carbide fuel. No batteries or bulbs to burn out. Easy to refuel. The all-new, one-piece lamp body and the new water container are constructed of advanced quality, linear high-density polyethylene. It's durable, rustproof, dentproof, cool handling and virtually unbreakable. There's both a built-in carrying handle and a top bail for hanging use. Interchangeable reflectors are plated and highly polished for maximum reflection. All lamps have flame protector and lighter.

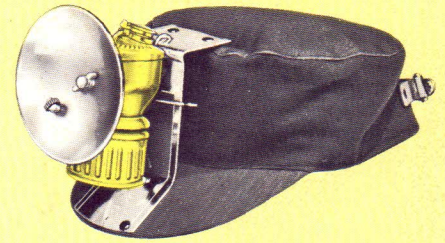

No. 3-104—4" Reflector—Overall size: 6½" ht. x 8½" long.

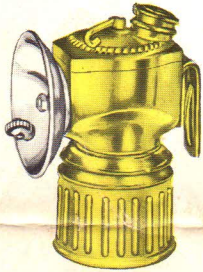

No. 3-107—7" Reflector—Overall size: 7¼" ht. x 10¼" long.

for bright, white light at low cost

The ideal lamps outdoors or underground — no batteries, no fear of rust or corrosion. Carbide Lamps produce an intensely brilliant white flame from the controlled mixing of carbide and water. Safe and easy to handle. Have low operating cost. Lamp operates on lamp carbide ($\frac{1}{2}$ " size) and water. The regulating (water feed) valve controls size of flame. All lamps have self-lighter attachment. Cap Lamps are worn on canvas caps (at right) or Safety Hats provided with lamp brackets. Hand Lamps have convenient handles for carrying.

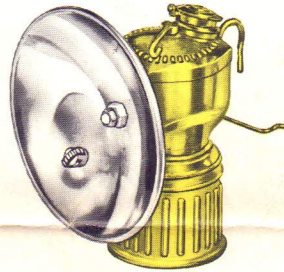

CARBIDE CAP LAMPS — SOLID BRASS CONSTRUCTION

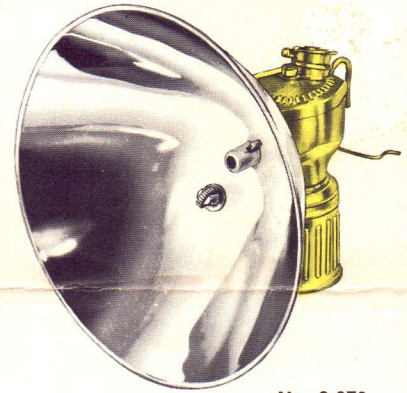

No. 2-814

No. 2-810

No. 2-840

No. 2-870

Burn about $2\frac{1}{2}$ hours, using $2\frac{1}{2}$ ounces of carbide ($\frac{1}{2}$ " lumps) and water. Lamp body is $3\frac{3}{4}$ " high, $1\frac{7}{8}$ " diam.

REPLACEMENT PARTS (See Accessories Shown Below)

JUSTRITE SMALL CARBIDE HAND LAMPS—2½ HOUR TYPE

Great for Outdoor Uses!

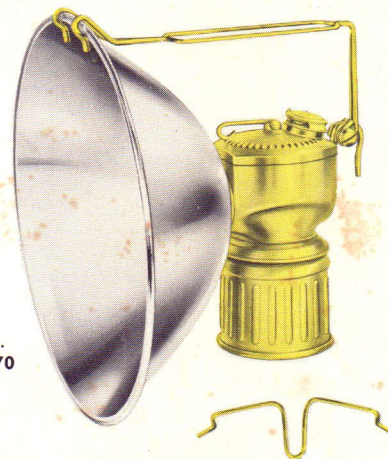

- Camping
- Fishing
- Hiking
- Hunting

No. 2-714

No. 2-744

No. 2-770

Model Number	Reflector Diam.	Domestic Packing in ship. carton		List Price Each
		Quantity	Weight	
2-714	2½"	36	23 lbs.	
2-744	4 "	36	27 lbs.	
2-770	7 "	12	15 lbs.	

NOTE: With handle removed, Lamps can be used as cap lamps. Nos. 2-714 & 2-744 fit any hard hat equipped with lamp bracket. No. 2-770 is furnished with a cap spring (illustrated) to fit a canvas lamp cap. Handles are available separately: No. 5-704 (for Nos. 2-714 & 2-744) \$ each; No. 5-701 (for No. 2-770) \$

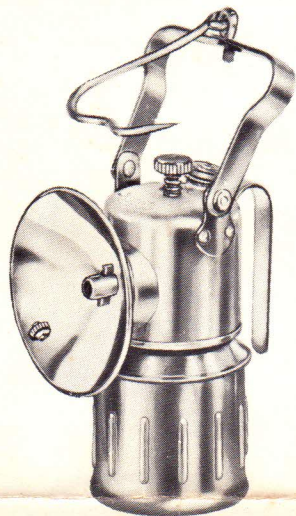

Easy to carry. Light in weight. No batteries. Economical . . . a pound of carbide and "along-the-way" water assures many hours of brilliant light. Handles remove for close packing or for "hanging up".

Made of brass — no worry with dampness or rust. Burn 2½ hours on one filling. Easy to refill. Have self-lighters and regulating valve to control flame size.

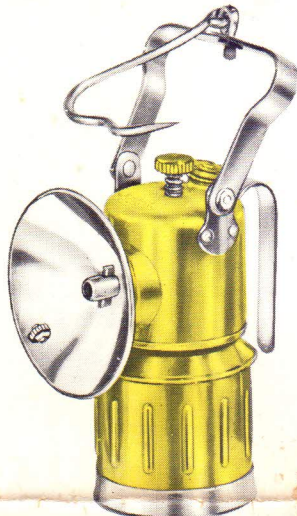

SEE LIST OF ACCESSORIES AND PARTS ON FRONT OF PAGE (OVER)

JUSTRITE LARGE CARBIDE HAND LAMPS—EIGHT HOUR TYPE

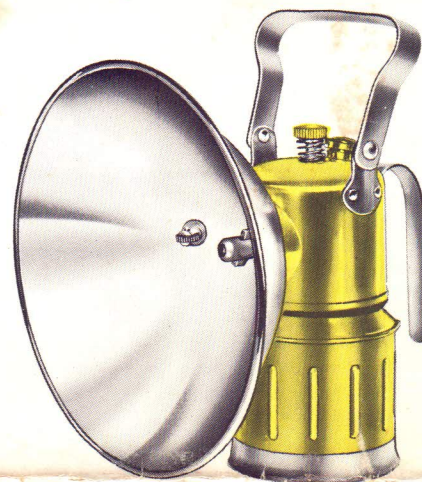

Long Burning • Reliable • Durable

No. 2-500

No. 2-501

No. 2-571

Automatic Feed — Equipped with Flame Protector. Justrite automatic water feed generators are the only generators in which the valve stem can be taken out and cleaned and the light continues to burn. Made of brass, highly polished, except No. 2-500 which is steel, tinned. Brass lamps are reinforced at bottom with steel, cadmium plated. Reflectors have self-lighter attachments, and are highly polished and chrome plated; 4" diam. except on No. 2-571 which is 7" diam., nickel plated. Burn about 8 hours on 8 ounces of Miners Lamp Carbide (½" lumps); flame bright and steady, protected from wind by flame protector.
